Background:

A parchment retrieved from beneath the Bervern asylum contains a mysterious 6x6 glyph grid. It is said to unlock the Hollow Gate if interpreted correctly. Follow the diary fragments below.

Clues from the Possessed Priest's Diary:

1. The Watcher sees only left - his twin hides beneath the flame.
2. The Serpent folds itself thrice. Never let it touch the edge.
3. Three of one lie in a line; the middle one bleeds silence.

The Sigil of the Hollow Gate

4. Mark not the mirror - its path is false and eats the soul.
5. Follow the fang to find the Gate, but never double back.
6. The path must not cross itself, or the Hollow Gate vanishes.
